FOR IMMEDIATE RELEASE.....

November 30, 2018

Reproduction of vintage calendar from Thomas A. Edison Inc., West Orange

The Downtown West Orange Alliance is proud to announce that a vintage calendar produced by Thomas A. Edison Inc. of West Orange, NJ in 1935 is being offered for sale as a fundraiser for \$20.19 to coincide with the new year.

The calendar days of 1935 are identical to 2019 and each month of the calendar showcases the many contributions of Edison to industry. Each month is a different topic with vintage graphics that have been handsomely reproduced just as they appeared in 1935. Only the cover is not original to the calendar and features a 1980s aerial view of the Edison storage battery building which is the reoccurring theme throughout this calendar. The building was constructed from 1909 through 1914 and is the last surviving Edison building from a once sprawling manufacturing complex. It has now been converted into residential dwelling units and retail stores in downtown West Orange.

A limited quantity has been made and is available while supplies last. The calendar will be available for purchase at www.downtownWO.com or in person at Township Hall in the Mayors Office or Downtown Alliance Offices. The cost for in person pick up is \$20.19 payable to DWOA or we can mail them to you for \$22.24 per calendar.
